

Be prepared for a rewarding career in Health Care!

PHARMACY TECHNICIAN

<https://partner.pennfoster.com/healthcare/pharmacy/pharmacy-tech-certification-prep>

This program will prepare students to understand important pharmacology and body system terminology including drug delivery systems and administration routes, medical terminology, drug classifications, and commonly used medications. In addition, students will learn how to manage and work with common pharmacy management software, which is used to process prescriptions and medical orders. Finally, students will be prepared to take the Pharmacy Technician Certification Exam (PTCE) or NHA ExCPT exam, and gain entry-level employment as pharmacy technicians. Students will also be provided a practice PTCE exam.

PTCB APPROVED

Graduates of the program are prepared to sit for:

- PTCE Certification Exam (PTCE) offered by the Pharmacy Technician Certification Board (PTCB)
- The Exam for the Certification of Pharmacy Technicians (ExCPT) offered by National Healthcareer Association (NHA)

Students Can Expect to Complete the Program Within 6-9 Months

- Varies by student depending on the number of hours of study completed each week

Workforce Opportunities Include

- Pharmacy Technician
- Certified Pharmacy Technician

COST | \$1,250
